Dear Ed,

Thank you for your fine performance at OSAE's monthly luncheon meeting last Friday. I heard very many favorable comments and judging by the audience's reaction and their willing participation, all had a great time. And, I even think that many will use one of your clever ideas for jazzing up their own meetings!

Thanks again for sharing your poignant personal story. Your attitude and sense of humor are a couple of your important assets right now. Enjoy the enclosed pictures (they're yours to keep) as a memento of your presentation November 5.

Best wishes for continued success and I hope we can work together again soon!

Regards,

Mary Anne Knapke, CAE
Executive Director
